

Catalog of Known National Resources for Pesticide Applicator Education and Training

(Asterisked items developed by NASDA Research Foundation under a Cooperative Agreement with US EPA)

List Compiled by Carol Black, Washington State University

Excludes materials produced by companies, associations, and not-for-profit organizations beyond NASDARF

Note that list excludes exam development, exam item banks, test plans, training syllabi, training curricula, or resources on training techniques, because PSEP IMI is not supporting these efforts. Any YouTube videos developed using PSEP IMI funds will be stored in an unpublished YouTube link, for posting on PSEP websites.

Nationally-Developed or Supported Resources

- Training Manuals
 - [*Aerial Applicator's Manual](#) – A National Pesticide Applicator Certification Study Guide
